

# DISPLAY REFRIGERATION

Display refrigeration units are ideal for maintaining both food and drink at the optimum storage temperature while still allowing easy access for members of the public. As specialists in commercial refrigeration solutions, Ultra Refrigeration has one of the largest selections of refrigerated displays available, including Serve Overs, Multidecks and Merchandisers all at highly competitive prices.

**Ultra Refrigeration** has a nationwide network of fully qualified refrigeration engineers looking after all cabinets sold with labour warranty. Giving you peace of mind on any cabinet purchased.

#### **Fully Qualified & Approved**

All our engineers are fully qualified to meet the latest requirements, all are fully F-Gas trained.

#### **Fast Solutions**

Our engineers carry a range of spares to enable them to repair your unit on the first visit. If another part is required we have a priority next day service for delivering new parts.

#### **Nationwide Service**

Our network of engineers cover the whole of UK mainland (England, Scotland, Wales) including most offshore islands, Northern Ireland and The Republic Of Ireland.

#### **Spare Parts Support**

To make sure warranty repairs happen as quickly as possible we carry a comprehensive range of parts. Coupled with our next day timed delivery service we aim to repair quickly and efficiently.

**When stock needs to be kept chilled, a commercial display fridge ensures that it's not only kept at the perfect serving temperature – it also attractively merchandises it to maximise sales. Whether it's being used in a hotel bar, sandwich shop, café or convenience store, there's always a great display refrigerator option to best merchandise food or drinks.**

For bars, clubs or pubs, a commercial beer fridge helps to keep your bottled beers, ciders and soft drinks chilled and within easy reach. Countertop merchandisers and glass door fridges are ideal for quick service or self-service environments, efficiently keeping your products chilled and within eyeshot of your customers. Serve over counters are designed to seamlessly fit into coffee shops, butchers, delicatessens and sandwich shops, keeping large quantities of food stylishly merchandised. Multi deck displays are the amongst the largest of commercial display fridges, designed to store “grab and go” products such as bottled drinks, sandwiches and similar snacks.

## Chilled Display

We offer a wide range of refrigerated display solutions. From standard glass door chillers to a variety of back bar coolers, multidecks, counter top and serve over display units. We also offer a range of product specific units for display of fresh meat, fish, patisserie, cakes, chocolate and fruit and veg.
